Dear Sir(s):

Pursuant to the Notice of Missing Requirements issued June 27, 2005, Applicant hereby submits the following timely petition under 37 CFR 3.47, declaration, and response.

A petition under 37 CFR 3.47 is hereby submitted by Charge-O-Matic Energy Recovery Devices, LLC, assignee in interest of the entire rights in the above identified patent. A copy of the assignment of all rights in the parent PCT application and any applications issuing therefrom is submitted herewith, said same assignment having been filed together with the initial 35 U.S.C. 371 application and the appropriate assignment recordation cover sheet.

The assignee avers that it has, through its President Michael Fowler, taken and exhausted all diligent efforts to locate and obtain the signature of the inventor on the attached declaration. That the inventor is unavailable at this time. Further, assignee avers that failure to proceed with the filing of the necessary declaration in this case would cause extreme hardship to the assignee and the inventor in the loss of the ability to obtain patent rights in the above identified application. Assignee hereby proffers the required petition and declaration under 37 CFR 3.47 with signature. Assignees last known address, 5680 Minor Hill Highway, Goodsprings, Tennessee, is clearly indicated. The declaration is signed by the Assignee's President, Michael Fowler, Esq., who has knowledge of the facts of the case and, based upon information and belief, can and has attested to the statements made in the declaration, under penalty as provided by 18 U.S.C. 101, regarding the inventor in the above-identified application for patent.

In addition Applicant includes the additional fees set forth in the Notice, namely \$25.00 for additional claims, a \$65.00 surcharge, and the \$200.00 petition fee. A payment is attached for \$290.00. Applicant believes no additional fees are due with this response, however, if a greater or lesser fee(s) should be due or a credit be due in this case, please charge deposit account no. 503461 and notify the undersigned accordingly. Should the USPTO Staff or the Examiner believe a teleconference would advance the prosecution of the application, they are encouraged to telephone the undersigned.
